Additional Features

Accidental Death Provision (Graded Benefit Only)

For the Graded Death Benefit, an accidental death benefit provision is included at no extra cost. If death occurs as a result of an accident prior to the second anniversary date, the full death benefit is payable.

For other than accidental death, the death benefit during the first year is equal to 110% of premiums paid for insurance coverage to the date of death; the benefit in the second year is 40% - 60% of the full face amount, determined by issue age. The full face amount is payable during the first two years if accidental death occurs.

In just 5 minutes, you can help your clients insure their legacy

Coverage is not available if the applicant is confined to a hospital, skilled nursing facility, psychiatric facility, or nursing home.
